**Subject:** Fwd: Proposed Emergency Rules SSB 6152

On Wed, 20 May at 2:51 PM , Karen Lang <karen.lang@pemco.com> wrote:  
Thank you for your consideration of the emergency rule for implementation of SSB 6152. I was a part of the workgroup at the PDC for redesign of the online filing process for the L-2. In order for the PDC to ensure that the requirements are met for SSB6152, I would suggest that a check box could be added to the contribution portion on the L-2 filing that a filer could check to attest that each contribution was not financed in any part by a foreign national nor were foreign nationals involved in any way in making decisions regarding the contribution. You could include the statement and a checkbox in the fields below. For those individuals that attach a worksheet that lists all of their contributions, they could add a column with that attestation.

**Date \***  
  
E.g., 06/20/2020  
Click in the date field; use the pop-up calendar to select the date.

**To Whom \***

**Employer \***  
- Select a value - ▼

**Amount \***

This approach allows the PDC to ensure that the contribution fulfills the requirements of the law and provides an easy way for it to be tracked and submitted (and also saves paper and leaves a clear electronic trail).

Thank you for your consideration.

Karen
